INTRODUCTORY

THE Twenty-fifth bi-ennial Directory of the cities of New Albany and Jeffersonville is herewith presented to the public, The New Albany Directory, including Silver Hills, Lower Albany and Silver Grove contains 13,519 individual names. By using 2⅛ as a multiplier, the estimated population is 28,728, an increase of 394 over 1921.

From all indications the city will grow considerably during the next few years. Every dwelling is occupied and there is a need for more homes. There are no vacant store rooms to be found anywhere in the city. All of the local factories are doing a splendid business and the outlook for increased manufacturing activities is exceptional.

During the past year over $200,000 worth of improvements in homes and the building of additional residences has taken place. The building boom here appears to have only begun. A number of factories have made additions. The largest of these has been completed at the plant of Gohmann Brothers & Kahler Company. The project will cost thousands of dollars.

Since the publication of the last New Albany and Jeffersonville directory, M. Fine & Sons erected a $250,000 plant, at which over 300 operatives are employed.

During the past two years extensive street improvements have been made. Petitions for other public projects are in the hands of the city authorities. The public spirit of the citizenship is indicated by the demand for the reconstruction of streets in all parts of the community.

A feature of the city's social life now is the New Albany Country Club. The golf links are said to be the finest for the size in this part of the country. The club enjoys a large membership and is a valuable addition to the city.

As to the future, it may be safely said that a new High School will be erected here within the next two or three years. The present school building is inadequate. The attendance at the High School is constantly growing and the need for a new school is said to be immediate. With regard to school activities here, attention may be called to the new $125,000 community school building erected on North Second street, which is declared to be one of the most modern structures of this kind in Southern Indiana.

With the many advantages of New Albany, it must necessarily grow. Its labor conditions are ideal. Railroad facilities are exceptional and its location as a trade center is recognized in the industrial world as being superb.

The New Albany Chamber of Commerce, the only purely civic and commercial body in the community will be a material factor in the up-building of the community. It has a membership of 400 business and professional men and is recognized as an organization deserving of the support of the community in its efforts in the interest of the community's advancement.

The Jeffersonville Directory which includes Clarksville, Ohio Falls, Midway, Claysburg and Port Fulton contains 7,987 individual names, which if multiplied by 2⅛ would give Jeffersonville and suburbs an estimated population of 16,972.

31482

JEFFERSONVILLE'S INDUSTRIAL GROWTH

Indiana Reformatory purchased by the Colgate Company of New York, in which they are now establishing their midwest manufacturing plant.

The Clark Hotel, modern 40 room hotel has been built.

Levy Overall Mfg. Company, manufacturing overalls, and employing 30 to 40 seamstresses, located here.

Houghten Glove Mfg. Co. employing 30 to 40 seamstresses.

Hock Shirt Mfg. Company employing 20 to 30 seamstresses.

Gorsuch Foundry employing 15 to 20 men.

Jeffersonville Bottling Works, engaged in the manufacturing and bottling of soft drinks.

Installation of a White Way on Spring Street, through the business section of the town.

Organization of the Falls Cities Ferry & Transportation Company, which installed an up to date and efficient ferry service between Louisville and Jeffersonville, now running the largest steel ferry boats on inland rivers this side of New York.

Inland Waterways Company has purchased the Sweeney Foundry Company's river frontage, and are building large river terminals that will connect river traffic with all the railroads entering Jeffersonville.

Pennsylvania Railroad has purchased many acres of land on the north boundry of the city and will build extensive yardage and a new depot at Duncan Avenue and 14th St.

Big Four railroad is enlarging their yardage and terminals.

The Jeffersonville Depot of the Quartermaster Corps United States Army has largely increased its buildings and facilities since issuing the 1921 directory and it is now one of the largest in the United States.

Jeffersonville has the best and purest water supply in Indiana, which is pumped from driven wells east of the city near the Quartermasters Depot.

Jeffersonville is ideally situated, it has many beautiful homes, churches of every denomination, best of high, ward and parochial schools, splendid rail and river facilities and ideal labor conditions. Jeffersonville is a good place to live in.

The publishers wish to thank the business men and the citizens of New Albany and Jeffersonville for their continued support, without which it would be impossible to issue a Directory.

We are under obligations to Gustav E. Weinmann, Secretary of the Chamber of Commerce of New Albany and to C. B. McBride, of the Jeffersonville Chamber of Commerce, for courtesies shown us.

Music.

Miss Clara Hangary, Pianist.

Mr. Claude Rosenbarger, Director of Orchestra, 13 instruments.

100% Bible School according to standard set by International Sunday School Association.

This school offers a carefully graded and systematic course of Bible instruction, under a corps of competent and experienced teachers, of established Christian character. The five main departments, and all adult classes, are housed in separate and adequate quarters, especially built for their purposes. Every room in the school building has easy access to sanitary drinking fountain and lavatories, and has perfect natural lighting and ventilation.

A cordial welcome awaits all who attend.

NAMES APPEARING IN BLACK LETTERS

IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored, in thus making them better known to the public.

NAMES APPEARING IN BLACK LETTERS

IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored, in thus making them better known to the public.
